

COVID-19 Policy

Client safety is my number one priority!

I have been taking precautions advised by the CDC and the California Department of Health in regards to COVID-19. With this in mind, I will continue to:

- Monitor my own health and err on the side of caution to reschedule if I have any possible symptoms of the virus.
- Take my temperature before leaving for each shoot.
- Stay home as much as possible to limit my exposure to the virus.
- Reschedule sessions for 14 days if I find I've been exposed to the virus.
- Maintain a six-foot social distance during sessions.
- Make no physical greetings such as hugs or handshakes.
- Wear a mask if social distance cannot be maintained.

Rescheduling:

If I am experiencing any flu-like symptoms I will reschedule the session out of caution. In addition, I ask that clients reschedule if they are not feeling well, even if symptoms are mild, and to let me know if they become ill within a week after the session.

I will continue to monitor the latest news and recommendations of the state and the CDC and update this page accordingly.
